

We are glad that you have decided to have your child's birthday party at Houston Scuba Academy. This is a unique experience for a child. Below are the guidelines, which will help you have a worry and hassle free experience.

1. You may arrive 15 minutes before your appointed party time to complete the setup. The room is decorated in an aquatic theme and decorating is not required.
2. There will be two Houston Scuba Academy Instructors assisting with the party. They are there to supervise the children, introduce games and take pictures. They will take pictures of the children and will provide you with the film or a CD. Please remember these are snap shots and not art pictures. NO refund will be made if pictures do not turn out.
3. If scuba is part of the party, the scuba experience will be held at one end of the pool. Each child will have a turn at trying scuba. Only one or two sets of equipment will be in use at one time. The children will only be allowed to scuba in the shallow end of the pool.
4. Pool time will be for the first 90 minutes. The last 30 minutes will be in the classroom where you can serve food and open presents. Please limit the number activities in the classroom because the time goes by quickly. If your group fails to arrive on time, the party times cannot be adjusted.
5. If you would like to order pizza, we have had the best luck with Pizza Hut in the past. We do not guarantee quality or arrival times.

6. You have 15 minutes to clean up after the party. The room must be put back to its original condition which includes taking trash out to the dumpster and vacuuming the floor if necessary. If you do not wish to clean up, the cost is \$50 to have the staff clean.
7. If you go beyond your time, you will be charged \$10 for every ten minutes you stay over.
8. If you need something, please do not hesitate to ask. We are here to make your child's birthday experience, easy for you and memorable for your child.

We look forward to working with you and child at their birthday party
